MEMBER NEWS

AN UPDATE FOR AMERICAN CINEMATHEQUE MEMBERS

With the impending sale of the **Egyptian Theatre** on the horizon, we are thrilled to share a **sneak preview** of the **exciting future** of the American **Cinematheque** with you. For the very first time, the organization will have an **endowment**, which will ensure the future of our programs on the big screen for years to come.

Members will continue to receive **great benefits** such as **ticket discounts**, **Member screenings** and **Members-Only events**, as well as discounts to outside venues and various cultural offerings, plus **advance notice** of high-demand screenings and **priority entry** into the theater. **Stay tuned for new benefits to be announced.**

The American Cinematheque will continue to run its own **independent programming** at the Egyptian Theatre on Friday, Saturday, and Sunday each week, presenting the best possible screening experiences in **35mm** (including **nitrate!**) and **70mm** film prints, as well as state-of-the-art digital.

We recently renewed the lease at the **Aero Theatre** in Santa Monica for another decade and have invested in much needed **upgrades** – with more to come. This beloved Westside theatre will welcome new programs and show times, including **weekday matinees** and **midnight screenings**. In addition to the Egyptian and the Aero Theatres, the Cinematheque will expand programming into other venues around Los Angeles.

We will continue to present our monthly retrospectives, live in-person discussions, and audience favorites such as **Beyond Fest**, **Noir City**, **Cinematic Void**, **World Cinema Showcases**, the **Golden Globe Foreign Language Series**, as well as new experiences for our audience members to enjoy rare prints and more special guests.

To reach an even larger audience, the American Cinematheque will now have an opportunity to increase its presence on social and digital platforms, **uniting film fans around the world.**

Most importantly, since 1981 membership has been the backbone of the American Cinematheque. We would like to thank you for your continued and future support.
